Robert Ravello
Deputy Commissioner of Taxation

Please keep this notice for future reference

Please see over for important information about your assessment

Other information relevant to your assessment:

The Commissioner rounds down certain small amounts that may be owed by you or may be refunded to you. You may have transactions on your account where this has occurred.

You have deferred losses from non-commercial business activities. The deferred loss amount for each separate business activity needs to be taken into account in calculating any profit or loss from that activity, or a similar business activity, for the next year the activity is carried on. A loss in this next year from that activity may be offset against other income if:

- that activity satisfies one of the non-commercial business activities tests;
- the Commissioner exercises his discretion to allow you to offset that loss; or
- the activity is a primary production or professional arts business and your assessable income (except any net capital gain) from other sources that do not relate to that activity is less than \$40,000.00.
